Journal of Ethnopharmacology, 38 (1993) 235–236
Elsevier Scientific Publishers Ireland Ltd.

Subject Index

Volume 38 (1993)

adverse effects, medicinal plants, herbal drugs, ATC-classification, 197
African medicinal plants, ethnobotanical, bioactivity, 209
Agauria salicifolia, skeletal muscle, frog, sodium current, tetrodotoxin, 49
Agauria salicifolia, skeletal muscle, voltage clamp, sodium current, cardiac muscle, 39
Aguaria salicifolia, frog muscle, excitation-contraction coupling, calcium current, voltage clamp, whole-cell patch-clamp, 55
allergic asthma, plant screening program, in vitro test system, inflammation, immunodeficiency, hypertension, new plant drug development, 105
Alzheimer, senile dementia, Indian treatments, 129
anthropology, methods, ethnography, rapid assessment, efficacy, 93
antiageing drugs, Chinese medicinal plants, immunologically active drugs, 167
antibacterial, gastrointestinal disorders, enterobacteria, Guatemala, 31
antiglaucoma, forskolin analogs, cardiotonic, standardised *Makandi* extract, antithrombotic, 177
antimutagenesis, mutagenesis, *Uncaria tomentosa*, 63
antioxidants, lipoxygenases, leukotrienes, cyclooxygenase, curcumine, boswellic acids, 113
antithrombotic, forskolin analogs, antiglaucoma, cardiotonic, standardised *Makandi* extract, 177
ATC-classification, medicinal plants, herbal drugs, adverse effects, 197

bioactive compounds, medicinal plants, molluscicides, fungicides, larvicides, 215
bioactivity, ethnobotanical, African medicinal plants, 209
biossay-guided fractionation, medicinal plants, marine natural products, traditional medicine, pharmacognostic strategy, 225
boswellic acids, lipoxygenases, leukotrienes, cyclooxygenase, antioxidants, curcumine, 113
Brazil, ethnopharmacology, phytotherapy, 137

calcium current, frog muscle, excitation-contraction coupling, *Aguaria salicifolia*, voltage clamp, whole-cell patch-clamp, 55
cardiac muscle, skeletal muscle, voltage clamp, sodium current, *Agauria salicifolia*, 39
cardiotonic, forskolin analogs, antiglaucoma, standardised *Makandi* extract, antithrombotic, 177
central nervous system, *Pycnocoma cornuta*, pycnocomolides, isolation techniques, counter-current chromatography, 159
Chinese medicinal plants, antiageing drugs, immunologically active drugs, 167
computer analysis, drug development, plants, ethnopharmacology, NAPRALERT, 145
conservation, documentation, herbaria, inventory, identification, synonymy, 121
conservation, Samoa, ethnopharmacology, prostratin, ethnobotany, 181
counter-current chromatography, *Pycnocoma cornuta*, pycnocomolides, central nervous system, isolation techniques, 159
curcumine, lipoxygenases, leukotrienes, cyclooxygenase, antioxidants, boswellic acids, 113
cyanide toxicity, *Holocalyx glaziovii*, prunasin, 85
cyclooxygenase, lipoxygenases, leukotrienes, antioxidants, curcumine, boswellic acids, 113

documentation, herbaria, inventory, identification, synonymy, conservation, 121
drug development, plants, ethnopharmacology, computer analysis, NAPRALERT, 145

efficacy, anthropology, methods, ethnography, rapid assessment, 93
enterobacteria, gastrointestinal disorders, Guatemala, antibacterial, 31
ethnobotanical, African medicinal plants, bioactivity, 209
ethnobotany, Samoa, ethnopharmacology, prostratin, conservation, 181
ethnography, anthropology, methods, rapid assessment, efficacy, 93
ethnopharmacology, Brazil, phytotherapy, 137
ethnopharmacology, drug development, plants, computer analysis, NAPRALERT, 145
ethnopharmacology, pharmacology, testing, 189
ethnopharmacology, Samoa, prostratin, conservation, ethnobotany, 181
excitation-contraction coupling, frog muscle, calcium current, *Aguaria salicifolia*, voltage clamp, whole-cell patch-clamp, 55

fibroblasts, Mimosaceae, *Mimosa tenuiflora*, saponins, mimonosides A, B and C, lymphocytes, immunomodulation, proliferation, 153
forskolin analogs, antiglaucoma, cardiotonic, standardised *Makandi* extract, antithrombotic, 177
frog, skeletal muscle, sodium current, tetrodotoxin, *Agauria salicifolia*, 49
frog muscle, excitation-contraction coupling, calcium current, *Aguaria salicifolia*, voltage clamp, whole-cell patch-clamp, 55
fungicides, medicinal plants, bioactive compounds, molluscicides, larvicides, 215

gastrointestinal disorders, enterobacteria, Guatemala, antibacterial, 31
Guatemala, gastrointestinal disorders, enterobacteria, antibacterial, 31

herbal drugs, medicinal plants, ATC-classification, adverse effects, 197
herbaria, documentation, inventory, identification, synonymy, conservation, 121
Holocalyx glaziovii, cyanide toxicity, prunasin, 85
hypertension, plant screening program, in vitro test system, in-

flammation, allergic asthma, immunodeficiency, new plant drug development, 105

identification, documentation, herbaria, inventory, synonymy, conservation, 121
immunodeficiency, plant screening program, in vitro test system, inflammation, allergic asthma, hypertension, new plant drug development, 105
immunologically active drugs, Chinese medicinal plants, antiageing drugs, 167
immunomodulation, Mimosaceae, *Mimosa tenuiflora*, saponins, mimonosides A, B and C, lymphocytes, fibroblasts, proliferation, 153
in vitro test system, plant screening program, inflammation, allergic asthma, immunodeficiency, hypertension, new plant drug development, 105
Indian treatments, Alzheimer, senile dementia, 129
inflammation, plant screening program, in vitro test system, allergic asthma, immunodeficiency, hypertension, new plant drug development, 105
inventory, documentation, herbaria, identification, synonymy, conservation, 121
isolation techniques, *Pycnocoma cornuta*, pycnocomolides, central nervous system, counter-current chromatography, 159

larvicides, medicinal plants, bioactive compounds, molluscicides, fungicides, 215
leukotrienes, lipoxygenases, cyclooxygenase, antioxidants, curcumine, boswellic acids, 113
lipoxygenases, leukotrienes, cyclooxygenase, antioxidants, curcumine, boswellic acids, 113
lymphocytes, Mimosaceae, *Mimosa tenuiflora*, saponins, mimonosides A, B and C, fibroblasts, immunomodulation, proliferation, 153

marine natural products, medicinal plants, biossay-guided fractionation, traditional medicine, pharmacognostic strategy, 225
medicinal plants, bioactive compounds, molluscicides, fungicides, larvicides, 215
medicinal plants, biossay-guided fractionation, marine natural products, traditional medicine, pharmacognostic strategy, 225
medicinal plants, herbal drugs, ATC-classification, adverse effects, 197
medicinal plants, Somalia, traditional medicine, 1
methods, anthropology, ethnography, rapid assessment, efficacy, 93
mice, toxicity, *Plumbago rosea*, rats, 79
mimonosides A, B and C, Mimosaceae, *Mimosa tenuiflora*, saponins, lymphocytes, fibroblasts, immunomodulation, proliferation, 153
Mimosa tenuiflora, Mimosaceae, saponins, mimonosides A, B and C, lymphocytes, fibroblasts, immunomodulation, proliferation, 153
Mimosaceae, *Mimosa tenuiflora*, saponins, mimonosides A, B and C, lymphocytes, fibroblasts, immunomodulation, proliferation, 153
molluscicides, medicinal plants, bioactive compounds, fungicides, larvicides, 215
mutagenesis, antimutagenesis, *Uncaria tomentosa*, 63

NAPRALERT, drug development, plants, ethnopharmacology, computer analysis, 145
new plant drug development, plant screening program, in vitro test system, inflammation, allergic asthma, immunodeficiency, hypertension, 105

pharmacognostic strategy, medicinal plants, biossay-guided fractionation, marine natural products, traditional medicine, 225
pharmacology, ethnopharmacology, testing, 189
phytotherapy, ethnopharmacology, Brazil, 137
plant screening program, in vitro test system, inflammation, allergic asthma, immunodeficiency, hypertension, new plant drug development, 105
plants, drug development, ethnopharmacology, computer analysis, NAPRALERT, 145
Plumbago rosea, toxicity, mice, rats, 79
proliferation, Mimosaceae, *Mimosa tenuiflora*, saponins, mimonosides A, B and C, lymphocytes, fibroblasts, immunomodulation, 153
prostratin, Samoa, ethnopharmacology, conservation, ethnobotany, 181
prunasin, *Holocalyx glaziovii*, cyanide toxicity, 85
Pycnocoma cornuta, pycnocomolides, central nervous system, isolation techniques, counter-current chromatography, 159
pycnocomolides, *Pycnocoma cornuta*, central nervous system, isolation techniques, counter-current chromatography, 159

rapid assessment, anthropology, methods, ethnography, efficacy, 93
rats, toxicity, *Plumbago rosea*, mice, 79

Samoa, ethnopharmacology, prostratin, conservation, ethnobotany, 181
saponins, Mimosaceae, *Mimosa tenuiflora*, mimonosides A, B and C, lymphocytes, fibroblasts, immunomodulation, proliferation, 153
senile dementia, Alzheimer, Indian treatments, 129
skeletal muscle, frog, sodium current, tetrodotoxin, *Agauria salicifolia*, 49
skeletal muscle, voltage clamp, sodium current, *Agauria salicifolia*, cardiac muscle, 39
sodium current, skeletal muscle, frog, tetrodotoxin, *Agauria salicifolia*, 49
sodium current, skeletal muscle, voltage clamp, *Agauria salicifolia*, cardiac muscle, 39
Somalia, medicinal plants, traditional medicine, 1
standardised *Makandi* extract, forskolin analogs, antiglaucoma, cardiotonic, antithrombotic, 177
synonymy, documentation, herbaria, inventory, identification, conservation, 121

testing, ethnopharmacology, pharmacology, 189
tetrodotoxin, skeletal muscle, frog, sodium current, *Agauria salicifolia*, 49
toxicity, *Plumbago rosea*, mice, rats, 79
traditional medicine, medicinal plants, biossay-guided fractionation, marine natural products, pharmacognostic strategy, 225
traditional medicine, medicinal plants, Somalia, 1

Uncaria tomentosa, mutagenesis, antimutagenesis, 63

voltage clamp, frog muscle, excitation-contraction coupling, calcium current, *Aguaria salicifolia*, whole-cell patch-clamp, 55
voltage clamp, skeletal muscle, sodium current, *Agauria salicifolia*, cardiac muscle, 39

whole-cell patch-clamp, frog muscle, excitation-contraction coupling, calcium current, *Aguaria salicifolia*, voltage clamp, 55
